

FLYDUBAI TO HOST UAE NATIONAL CAREERS OPEN DAY, SHOWCASING AVIATION CAREER OPPORTUNITIES FOR EMIRATI TALENT

News / Airlines

flydubai will host its UAE National Careers Open Day on 16 August at the flydubai Campus, inviting UAE nationals to explore rewarding careers with one of the region's fastest-growing airlines and learn more about the carrier's specialised training and development programmes. The event reflects flydubai's continued commitment to developing Emirati talent and supporting the UAE's national workforce agenda by creating meaningful career pathways across one of the country's most dynamic industries. Taking place at the flydubai Campus, the UAE National Careers Open Day will provide candidates with the opportunity to meet the airline's recruitment and talent development teams, gain insights into the aviation industry and discover programmes designed to equip UAE nationals with the skills and experience required for long-term careers.

Opportunities available include:

- Engineering Apprentice Programme (AMEL)
- Flight Dispatcher Programme

- Pilot Training Programmes, including the Ab Initio and Second Officer
- UAE National Graduate Programmes
- Other development opportunities for UAE nationals across operational and corporate functions

As flydubai continues to expand its operations, the airline is investing significantly in developing its inhouse capabilities and building a strong pipeline of national talent to support its ambitious growth plans. Today, the carrier operates a modern fleet of 97 aircraft and has more than 300 aircraft on order, creating long-term career opportunities across engineering, flight operations, airport operations, commercial, technology, finance, human resources and other business functions.

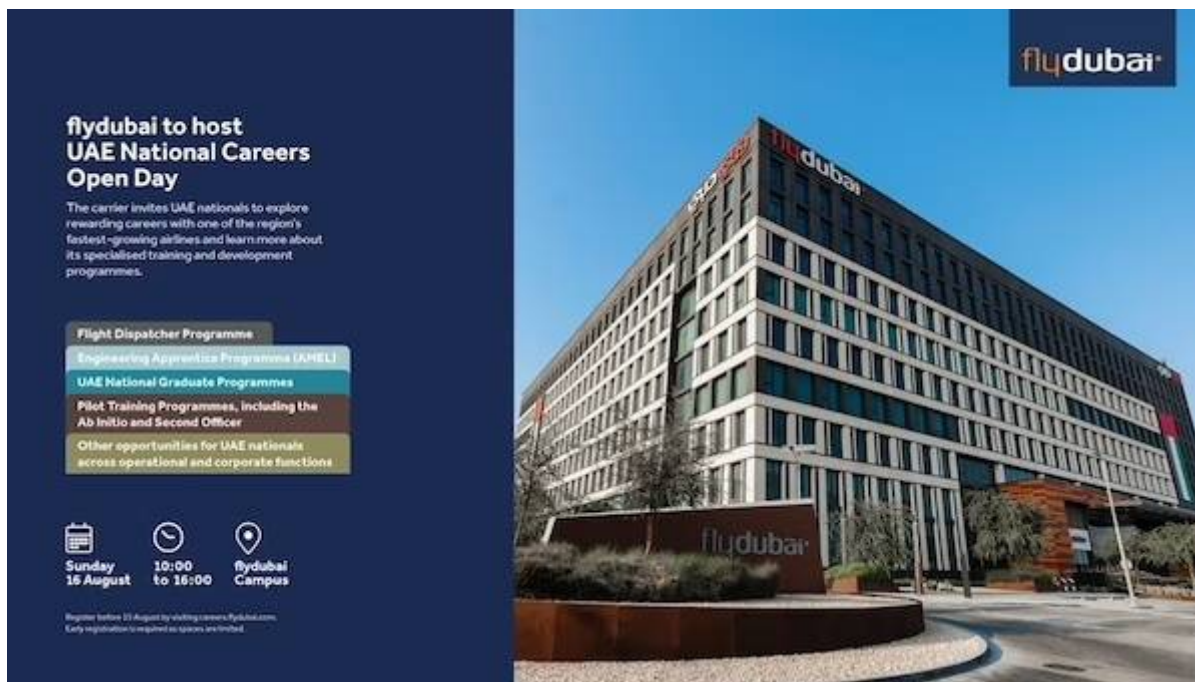

Nasser Binkherbash, Senior Vice President of Human Resources at flydubai, commented: “At flydubai, investing in people is fundamental to our continued growth. Our UAE National Careers Open Day provides aspiring Emirati students and professionals with the opportunity to learn about the diverse career pathways available across the organisation, as well as the structured development programmes that prepare them for successful careers in aviation. As we continue to grow our fleet and network, we remain committed to developing the next generation of UAE aviation professionals who will help shape the future of our airline.”

The Careers Open Day is aimed at UAE nationals interested in building careers in aviation, whether they are recent graduates, students or early-career professionals seeking opportunities within one of the region’s leading aviation companies. The event highlights flydubai as an accessible and progressive employer committed to nurturing Emirati talent through structured learning, mentorship and career development opportunities.

flydubai has built a network of more than 120 destinations across 58 countries and is served by a growing fleet of 97 Boeing 737 aircraft. The airline’s workforce includes nearly 7,000 employees, 2,000 of whom are pilots and engineers. flydubai has placed new aircraft orders including 30 Boeing Dreamliners, 150 Airbus A321neos and 75 Boeing 737 MAX aircraft to be delivered over the next decade. This strategic addition diversifies the carrier’s narrow-body fleet, strengthens its long-term strategy and creates thousands of new job opportunities across the expanding airline.

UAE nationals interested in attending are encouraged to register between 31 July and 15 August [here](#)

. Early registration is required as spaces are limited.

The image is a promotional poster for an event. The left side is a dark blue vertical panel with white text. The top right of the entire image shows a photograph of a modern, multi-story office building with a glass facade and a 'flydubai' sign on the roof. The poster text on the left includes the event title, a description, a list of programs, and event details. The building photo on the right shows the 'flydubai' logo on the top right corner and a 'flydubai' sign on a low wall in the foreground.
