A NOT-TO-BE MISSED SUMMIT FOR
Airport City Developers, Airport Operators,
Urban Planning Authorities & Real Estate Investors

LEARN MORE ➤

Premier Summit Returns to London UK for Airport City Developers, Airport Operators, Urban Planning Authorities and Real Estate Groups!

Equip Global's 5th Aerotropolis World Summit returns to London, UK on 20 – 23 August 2019. This 4-day summit will allow participants to stay ahead of the curve on conceptualising, planning and developing airport city projects.

A must-attend event with over 18 international case studies, 5 separately organised workshops, various roundtables and unlimited networking opportunities that allows participants to learn from Directors, Heads, Senior Managers and Chief of Airport Land/Properties, Real Estate, Commercial, Planning, Construction & Development. Gain insights on Feasibility Studies, Socio-Economic Analyses, Land-Use Planning and Optimization of available spaces and commercial properties to overcome right-of-way challenges, whilst developing models, approaches to improve land acquisition effectiveness for aerotropolis developments.

This is the best chance to benchmark your Aerotropolis construction activities, plans & business models with the busiest and regional airports in the world. Participants can

expect a packed program with best practices on urban master planning and transport infrastructure modelling, taking into consideration demographic assessment, socio-economic impacts and aeronautical supply and demand. In addition, learn how to maximize revenues from airports' commercial land & real estate spaces to drive non-aeronautical revenue streams in and around Aerotropolis Developments.

This event is targeted at people involved in Planning, Construction & Development, Airport Land/Properties, Real Estate, Commercial of Airport Operators/Airport Developers and people responsible for Urban Development, Infrastructure, Land, Finance & Economic Planning, Transportation of Urban Planning Authorities & Governments. Grab the exclusive chance to learn from Incheon International Airport, Jewel Changi Airport, Schiphol, IGA Istanbul, GMR, Taoyuan Aerotropolis, Beijing New Aerotropolis and many others.
